

**The Glasgow Naturalist**

**Volume 23, Part 6, 2001**

**CONTENTS**

| Page |  |
|------|--|
| 1    | Editorial <b>Evolution and religion: an unnecessary conflict?</b> Roger Downie   |
|      | <b>Full papers</b>   |
| 4    | <b>Loch Lomondside depicted and described 4. Early geologists and geomorphologists.</b><br>John Mitchell   |
| 9    | <b>James Croll: a 19<sup>th</sup> Century pioneer of climate change.</b> George E. Farrow  |
| 19   | <b>Natural regeneration of limes (<i>Tilia</i> spp.) in Scotland: widespread but less numerous in 2000.</b> R.K.S. Gray and N.R. Grist   |
| 22   | <b>An unusual assemblage of plants at Gartcosh, Lanarkshire (VC 77).</b> P. Macpherson   |
| 24   | <b>Plant recording at Bogleshole.</b> P. Macpherson, E.K. and D.B. Lindsay   |
| 26   | <b>The status of freshwater crayfish in Scotland in the year 2000.</b><br>Peter S. Maitland, Callum Sinclair and C. Ross Doughty   |
| 33   | <b><i>Limax flavus</i>: a versatile slug.</b> Norman R. Grist  |
| 35   | <b>New records of amphipods and leptostracans from the Forth sea area, with notes on their copepod parasites (Siphonostomatoida: Nicothoidae).</b><br>Myles O'Reilly, Elaine Hamilton and Lee Heaney |
| 43   | <b>A new species of parasitic copepod <i>Sphaeronella gottoi</i> N.Sp. (Siphonostomatoida; Nicothoidae) from an ostracod collected off the east coast of Scotland.</b> Myles O'Reilly                |
| 47   | <b><i>Agabus chalconatus</i> (Coleoptera, Dytiscidae) new for Scotland.</b> G.N. Foster  |
| 49   | <b>Agromyzid flies (Diptera: Agromyzidae) new to Scotland, including two new to Britain.</b><br>Keith P. Bland   |
| 51   | <b>Additional notes on the barklice (Insecta: Psocoptera) of the Lothians (Scotland).</b> Bob Saville  |
| 53   | <b>Scottish insect records for 2000.</b> E.G. Hancock  |
|      | <b>Historical Supplement</b> Edited by J.R. Downie   |
| 57   | <b>150 years of Glasgow Natural History Society.</b> J.R. Downie   |
| 62   | <b>Glasgow's natural history societies: an update.</b> Richard Sutcliffe   |

- 68 **Evolution of the *Glasgow Naturalist*: from the "missing proceedings" to modern times.**  
J.R. Downie and T. Norman Tait
- 74 **Proceedings of the Natural History Society of Glasgow: the missing years, 1851 to 1859.**  
J.A. Gibson
- 80 **Photography in the Glasgow Natural History Society.** T. Norman Tait
- 88 **The "Clyde Cards": an account of biological recording in the West of Scotland.**  
Richard B. Weddle
- 100 **The *Fauna of Scotland* series.** J.A. Gibson
- 104 **Nearly fifty years ago: meeting Blodwen Lloyd, John Lee and other prominent botanists in 1954-55** James H. Dickson
- 106 **Prominent Glasgow Natural History Society zoologists.**  
Ronald M. Dobson (with a note by E.G. Hancock)
- 111 **Ben Lomond - 1900 and 2000: botanical recording by Glasgow naturalists, past and present.** Edna Stewart
- 115 **Glasgow Botanic Gardens: links with Glasgow Natural History Society.** Eric W. Curtis
- 117 **The Glasgow Natural History Society and its involvement in post-war regional planning.**  
John Mitchell
- Short Notes** Compiled by A. McG. Stirling
- 117 **Stowaways from Guernsey: 30 years persistence in a Glasgow garden.** P. and A.C. Macpherson
- 118 ***Scirpus atrovirens* in Lanarkshire (VC77).** P. Macpherson
- 119 **Further comments on the status of holy grass (*Hierochloe odorata*) at Blythswood, Renfrew District VC76.** Keith Futter
- 119 **Orange ladybird *Halyzia 16-guttata* (L.) in Dumbarton.** Susan Futter and Keith Futter
- 120 **New fish records: stoneloach, roach and a spring spawning Arctic charr population, Loch Awe, Argyll.** Ian Kettle-White
- 121 **Fieldfare flocks in winter 2000/2001.** Brian S. Skillen
- 121 **Who needs wolves?** Norman R. Grist
- Blodwen Lloyd Binns Bequest: Project Reports** Compiled by Roger Downie
- 123 **Introduction** Roger Downie
- 123 **Foraging by great skuas, Hermaness, Shetland.** Aidan MacCormick

- 124 **The ecology of incubation in Arctic-breeding waters.** Jane M. Reid
- 125 **Collecting *Begonia sutherlandi* in Kwazulu Natal, South Africa.** Mark Hughes
- 125 **The genetics of adaptive diversity in Scottish stickleback populations.** Felicity A. Huntingford
- 126 **Habitat use of Kirtland's warblers *Dendroica kirtlandii* wintering in the Bahamas.** Stuart Bearhop and Stephen Votier
- 127 **Glasgow University Trinidad Expedition, 2000.** Roger Downie
- 129 **Looking good, feeling great: is there an effect on behaviour or pigmentation in lesser black-backed gulls (*Larus fuscus*) supplementally fed with carotenoids?** Alice Pascall
- 132 **Book Reviews** Compiled by Ruth M. Dobson

*Britain from Space* by Times Books (Ronald M. Dobson); *The conservation handbook: research, management and policy* by William J. Sutherland (Jim Dickson); *Microbial diversity in Priest Pot, a productive pond in the English Lake District* by B.J. Finlay and S.C. Maberly (E.G. Hancock); *Lichens* by Oliver Gilbert (Iain Wilkie); *The changing flora of Glasgow: urban and rural plants through the centuries* by J.H. Dickson, P. Macpherson and K. Watson (Allan McG. Stirling); *Sea beans and nickar nuts* by E. Charles Nelson (Edna Stewart); *The flora of Tiree, Gunna and Coll* by D.A. Pearman and C.D. Preston (Agnes Walker); *Vegetation communities of British rivers: a revised classification* by Nigel Holmes, Philip Boon and Terry Ravell (Keith Watson); *A key to the freshwater triclads of Britain and Ireland, with notes on their biology* by T.B. Reynoldson and J.O. Young (E.G. Hancock); *Ecology of insects: concepts and applications* by Martin R. Speight, Mark D. Hunter and Allan D. Watt (Ronald M. Dobson); *Irish indoor insects: a popular guide* by James P.O'Connor and Patrick Ashe (Ronald M. Dobson); *How to identify butterflies* by Richard Lewington (Richard Sutcliffe); *Provisional atlas of British hoverflies (Diptera, Syrphidae)* by Stuart G. Ball and Roger K.A. Morris (E.G. Hancock); *Sea fish* by Bent J. Muus and Joergen Nielsen (Colin Adams); *Freshwater fish* by Bent J. Muus (Colin Adams); *Dinosaurs: the ultimate guide to prehistoric life* by Christopher A. Brochu, John Lang, Colin McHenry, John D. Scanlon and Paul Willis (Ronald M. Dobson); *Who killed the great auk?* by Jeremy Gaskell (Bernard Zonfrillo); *Essentials of animal behaviour* by P.J.B. Slater (Felicity Huntingford).
